CLOSE TO HALF HUNDRED GOING

Rushville and Rush County Will be
Well Represented at Conference
Next Week

WILL OPEN NEXT TUESDAY

Practically All Local Organizations
Interested Have Selected
Delegates

Close to a half hundred authorized delegates from local charitable institutions, including the churches and their allied organizations, both men's and women's lodges, official charitable bodies and other associations and organizations, will attend the forty-third annual National Conference of Charities and Correction, opening in Indianapolis next Tuesday and continuing until a week from next Wednesday.

Local charitable organizations have responded to the efforts of county officials to have delegates appointed for the conference. It is not improbable that the delegation from Rush county will be as represented as that from any other county.

Not all of the delegates had been appointed today. The Ladies Musical, the Eastern Star and the First Presbyterian church were among the organizations yet to name more delegates. Complete announcement of the conference will be made from all of the pulpits of the city tomorrow. It was stated today that all delegates would receive a completed program by the first of the week.

Not the least important thing or least interesting either, for that matter, at the conference will be the centennial charities exhibit, portraying a hundred years history of the development of charities and correction in the state of Indiana.

The exhibit will be held in the State House where the well-lighted corridors, together with the Senate and House Chambers, and other rooms if desired, provide ample space for a comprehensive display of all the State Charitable and Correctional activities.

Every Charitable and Correctional institution or organization in the State, public or private, will be invited to participate, including all State Boards and State Institutions, County Institutions, County Boards of Charities, Boards of Children's Guardians, Municipal Charities and voluntary organizations. The general welfare and educational work of the State will be represented. The exhibit thus will be broadly representative; at the same time it is the plan of the committee that the exhibit shall be typical rather than vast. The exhibit of each institution will be planned with careful study to make vivid its general growth and purpose and the various exhibits will be harmonized and unified in the following Divisions:

The following delegates have been selected by Rushville organizations to attend the conference.

St. Paul's M. E. church—Mrs. F. R. McClanahan from the foreign missionary society, Mrs. D. D. Van-Osdol and Alice Fritter from the home missionary society, Mrs. R. G. Budd, the Rev. W. M. Whitsitt, E. B. Thomas, Mrs. F. G. Hackleman, and J. H. Scholl from the church and Sunday school.

The Monday Circle—Mrs. Harry Kramer and Mrs. C. H. Parsons. Rebekah lodge—Mrs. Joe Miller and Mrs. Edna Dagler.

C. W. B. M. of the Christian church—Mrs. Mary Alexander.

Rush County Society for the Study and Prevention of Tuberculosis—Miss Lora B. Roser, the

The Ladies Aid society of the church will serve the banquet.

JUDGMENT FOR H. G. HACKMAN

John Tuttle was granted a divorce this morning from Cora Tuttle. Tuttle alleged that she abandoned him over two years ago. They formerly lived at Carthage. Mrs. Tuttle did not appear against him and the only witnesses were those necessary to establish his residence and Tuttle himself. The decree is to be entered upon payment of the costs.

Judge Sparks heard the evidence in the suit of Henry G. Hackman against William Emsweller on a note and found for the plaintiff in the sum of \$116.65.

Dr. Orvall Smiley has filed a claim against the estate of the late Allen Hinchman in which he asks \$674 for services rendered.

NEXT MEETING TO BE AT CONNERSVILLE

Sixth District Good Road Advocates

Hope to Form Live Organization in Every County

OFFICERS ARE ELECTED

Good road advocates of the sixth district will hold their next meeting at Connerville in the Commercial club rooms on May 18. This was the decision of the session at Cambridge City this week when good road men held their second meeting to discuss ways and means to further the case of the Indiana Highway Commission. Rush county was not represented at the meeting this week, but there were a few from here at the initial session.

Only four counties of the district were represented because of the bad day, but a constitution and by-laws of the district organization were adopted. Plans were discussed to perfect better county organizations and to secure legislation in the interest of good roads.

Thomas C. Bryson of Connerville was elected permanent secretary. The members of the executive committee were designated as chairman of their respective counties, and were instructed to select a practical road man in each township chairman, and to affect a permanent organization of citizens.

POULTRY CARS ATTRACT MANY

Experts Tell How to Feed For Profit
and How to Prepare Birds
For the Market.

EGG CANDLING IS SHOWN

Latest Devices For Raising Poultry
and For Shipping Eggs Part
of Exhibit.

Many farmers and their wives, together with a number of interested city people visited the special egg and poultry train of three cars, two from Purdue university and one from the United States department of agriculture, which stood on the siding at the Big Four depot today. The car came from Manchester and will be at Knightstown Monday. It was believed that the crowd was much larger because of the day—Saturday—when many farmers visit Rushville.

Two of the cars are from Purdue University and are in charge of L. L. Jones and P. L. Reed. One of the Purdue cars is a lecture car and the other one shows latest devices in the way of houses, coops and feed for poultry production. The lectures are delivered three times each day by the Purdue men, at 10:30 o'clock in the morning and at 1:30 and 3 o'clock in the afternoon. The lectures were supplemented with stereopticon views of all phases of poultry managements.

The third car in the outfit is sent out by the United States department of Agriculture and shows the marketing side of poultry products such as the candling of eggs and the handling of picked poultry, with a feeding for profit. H. H. McAleer and A. C. Albin, of the U. S. Department of Agriculture, were with the government car and gave instructive talks and demonstrations during the day to the persons who came for information.

In the Purdue demonstration car there was an end view of a proper type of ventilated poultry house in full size. Not only was the house there but hens were there too and some of them were on the nest, some had completed the important duty of laying and others were enjoying themselves on the scratching floor. The whole thing looked clean and the eggs in the nest told their own story. Different kinds of nests were shown, all of them simple and had doors to close at the rear from convenient. The better kinds of nests which the eggs could be taken, at the same time providing an arrangement that would make Biddie believe she was hiding her nest.

All of the different kinds of poultry foods were shown. These feeds consist of nearly all the grains—oats, wheat, cracked corn, millet seed, oyster shells, charcoal and other kinds. Methods of sprouting oats for winter green feed were shown. Two types of incubators, the hot air and the hot water kinds, were exhibited but the lecturer made no choice between the two. He explained that each kind had advantages and objections.

In the government car the usual egg candling demonstrations were shown together with the proper method of preparing poultry for market. It was explained that where poultry is dry picked the killers have a knowledge of striking the fowl's brain in a certain way with a knife so that the bird releases its feathers. The entire eastern markets demand dry picked poultry while such markets as Indianapolis are not so particular.

Milk fed fowls are extra fine, the speaker said, but some times when

COUNTY SHOWS GAIN OF SIXTY

With Rushville Township Still Out
but Counted Same as Last
Year, Enumeration is 4,765

THREE TOWNSHIPS LOSE

Increase of Children of School Age
in City Makes Possible Gain
for Whole County

The school enumeration figures complete with the exception of one township, Rushville, show the total number of children of school age in the county to be 4,395. Last year Rushville township, the missing township had 350 children and should this be equalled this year the total will be brought up to 4,765, which is an increase of sixty for the entire county during the year.

Only three townships show a loss over last year. These are Jackson, Orange and Walker. Jackson showed a loss of 21; Orange, 7 and Walker 31. The increase in Rushville city probably held the average up and resulted in a gain for then entire county. Last year's enumeration for the city showed 1,298 and this year the figures total 1,352. It is not believed that the result of the enumeration in Rushville township will change the figures to any great extent.

The figures by townships follow:

	1916	1915

Jackson	133	154

BRITISH PRESS IS DISAPPOINTED

Morning Newspapers, Carrying Full
German Reply, Predict Diplomatic Break Certain

LATE NEWS A BITTER PILL

By ED L. KEEN

(U. P. Staff Correspondent.)

London, May 6.—Washington press dispatches reporting that President Wilson probably will accept in substance the German reply, brought disappointment to the London press today.

The morning newspapers carrying the full text of the German reply, printed lengthy editorials. The writers agreed almost unanimously that Germany had failed to meet the American demands; that a diplomatic break was inevitable and that shortly the United States would be ranged beside the allies in the war.

The English newspapers expressed concern too, over Germany's attempt to embroil Great Britain and America by making her concessions conditional on the British mode of warfare. They united in the declaration that the British government will not allow itself to be made a party in such a three-angled diplomatic game.

TROOPERS KILL 42 VILLISTAS

Major Howze's Eleventh U. S. Cavalry Takes Bandits Unawares
and Routs Them

NO AMERICAN CASUALTIES

(By United Press.)

Advanced Base, Punitive Expedition, San Antonio, Mexico, May 6.—Americans of the Eleventh cavalry under Major Howze killed forty-two Villistas in a fight yesterday at Oja Aculas, according to reports. General Pershing received from Howze today. There were no American casualties. The Villistas, described as large forces, were commanded by General Dominguez and Pulio and Acosta. The survivors of the band scattered.

Howze did not estimate the number of Mexicans wounded and his report did not contain a definite estimate of the size of the Villista force. The attack followed a night march which enabled the Americans to strike at the Mexicans while the latter were resting. A terrific fight followed. It ended only when the surviving Villistas took to the mountains.

Howze and his force had been on the trail since Wednesday afternoon. He reported by the Mexicans were taken completely by surprise.

The C. C. Club will hold a pitch-in supper at the home of Mrs. Gano Perry east of the city tonight.

WILSON GETS A PLEA FROM POPE

Head of Catholic Church Urges
President to Keep Out of War
With Germany

SUBMARINE ISSUE CLOSED

So Certain Are Wilson and His Advisors of it That no Answer
is Likely to be Made

(By United Press.)

Washington, May 6.—Monsignor Bonzano, papal delegate in Washington today sent a long communication to President Wilson from Pope Benedict, urging the president to use every effort to keep out of war with Germany.

The mission of Monsignor Bonzano was described as a highly confidential one and while no word as to the details of his purpose was forthcoming from the white house, it was ascertained the pope feels he must have the co-operation of President Wilson to bring about an end to the European struggle. This co-operation would be impossible where the United States to become embroiled in any way now with Germany, the pope believes.

The submarine issue between the United States and Germany is closed. This is the view of President Wilson's advisors, with the official text of Germany's reply to the American demands in hand. The president himself received the official text today but the white house withheld comment.

So completely do officials in touch with the situation consider the issue disposed of, it is said, there will be no reply by the president to the German note.

There may be a statement by Secretary Lansing, however, calling attention to the essential points in the note—that Germany has ordered submarine attacks confined to vessels of war. This is the essence of the kaiser's reply, officials say, and leaves no actual issues with Germany. The issue will remain closed, officials believed. They feel Germany will not reopen it by resuming warfare against merchantmen.

Every care will be taken, they believe, to prevent submarine commanders violating the order and the danger of violation only in the fact that German submarine commanders are for the most part young officers, some of them, perhaps difficult to control. But Germany having once quit her submarine warfare against merchant ships, no high official here regards it within the range of probability that she will order is resumed.

Tom Mull, who has been ill for some time at his home in Manila, is reported to be able to be up.

Walter Priest has accepted a position as night clerk at the Windsor Hotel.

EMMA GOLDMAN OUT OF PRISON

Completes Term For Advocating
Birth Control and Declares
Will Continue Campaign

WOULDN'T PAY HER WAY OUT

Prosecutor Says She Used Indecent
Language—Was Prisoner 23
Years Ago.

(By United Press.)

New York, May 6.—"In the cause
of her motherhood I am still proud
and glad to be a criminal," said
Emma Goldman today when she had
completed her 15 days and walked
out of the workhouse on Blackwell's
Island.

Miss Goldman was a prisoner here
just 23 years ago, too. This time
she went up for publicity advocating
birth control.

She pleaded her own case lost and
had her choice of a \$100 fine or
prison.

"I prefer to go to the workhouse,"
she said. "I won't buy my way out
of anything."

"I shall go right on disturbing
birth control propaganda," she said
today.

"I teach it for the sake of joyous
childhood and glorified motherhood,"
she said. "There are 300,000 half-
starved women who need the infor-
mation—what kind of children do
you think theirs would be? If this is
crime, I am willing to be a criminal.
I have as fellow criminals the great-
est men and women of the world."

Assistant District Attorney Unger
said Miss Goldman's speech had been
simply "indecent in the guise of
birth control."

"The police of this office is not to
limit in any way, shape or form the
discussion of vital propaganda such
as that of birth control. But the
law compels us to and it is our in-
tention to put an end to indecencies.
The address was made in an impure
and indecent fashion to a mixed
audience of men, women and children
of tender years."

Among those who helped defend
Emma Goldman and who met her on
her release today were: Rose Pastor
Stokes, Leonard D. Abbott, Mrs.
J. Sergeant Cram, Mrs. John Sloan,
Ben Reitman, George Bellows and
Mrs. Robert Henri.

INTEREST TAKEN IN RUCKER'S ATTEMPT

Suit to Close Resorts Regarded as
Experimental by Those Favor-
able to Rule Law.

PETITIONS HEARD TODAY

(By United Press.)

Indianapolis, Ind., May 6.—Prose-
cutor Rucker's attempt to close
thirteen alleged resorts in this city
came to a head today with hearings
before Judge T. J. Moll in superior
court on the prosecutor's petitions
for temporary injunctions against
the places as nuisances.

Rucker's suits, brought under new
Rule red light law were filed some
time ago, and were the first sweep-
ing effort to take advantage of the
law. This was the first definite step
taken in the prosecution of the suits.

The effort of the Marion county
prosecutor, which is considered
rather experimental, has been
watched with interest by those who
favored passage of the Rule law.

Civic Patriotism.

Columbus hit upon a scheme that promises to be popular. Merchants have rented a house and furnished it with their goods. The public is invited to come and inspect perfectly appointed home. There is music and on some afternoons of the week flowers. Again there may be a little music now and then. In other words the business men of Columbus are keeping open house.

But there is much about Columbus that commends it to other cities. They have a Chamber of Commerce down there that has been quietly trudging along and just now the licks that it put in during the lean days are beginning to bear fruit.

Columbus is just now awakening to the fact that it has a loss of civic pride and patriotism. Along came a fellow the other day and purchased a park which the city would have had to vacate this year because it belonged to an estate and was to be divided into lots and sold. This citizen who was bulging out with civic pride paid \$20,000 for that tract of land and handed it over to Columbus. The Columbus chautauqua would have been without a place for meetings had this generous gift not been made.

The Reliance Manufacturing company of Columbus wanted a park for its employees so they would have some place for recreation. Standing next to the Reliance plant were some old buildings belonging to Francis T. Crump old and delapidated but still earning a small income for him. But the epidemic of generosity continued to spread. Thursday Mr. Crump announced he would raze the old buildings and allow the

Bible Class Makes Remarkable Gains In Three Years

B. Y. C. D. CLASS

The above is a picture of the B. Y. C. D. Sunday school class of the First Baptist church. It was taken on Easter Sunday. Mrs. S. G. Huntington, the teacher may be identified in the front row with the bible in her lap. The class was organized Aug. 18, 1913, less than three years

ago, with eighteen members. It now has a membership of sixty. B. Y. C. D. stands for "Best You Can Do." The class has long since outgrown its limited quarters in the old church and that it might enjoy more room and better facilities for its work, pledged \$500.00 towards a new house of worship. It holds bi-month-

ly meetings at the homes of its members, when business matters are taken up, plans for work outlined and a social good time is had. The class looks forward to a larger work and increased membership. When it shall have the room and conveniences of a modern church building.

use of the ground for the Reliance company's park. That company will spend \$1,000 in improvements and the park will be for the use of the general public.

Not long since the Magazine Club of Columbus purchased one of the best paintings of the season to be hung in the Columbus library. It's wonderful what civic patriotism will do when it is aroused.

With summer coming along you will naturally soon be more or less peeved at the weeds that spring up on every hand. You may, in fact, be doing a little quiet cussing on the sly. But did you ever stop to think that many of those weeds make good articles of diet? They do. There are ten weeds that can be used for food. They are the dock, nettle, sorrel, purslane, milkweed, dandelion, pigweed, lamb's quarter, marsh marigold, and brake fern. Is the high price of living bothering you? Eat weeds. Would you enjoy a welcome change from the usual daily grind of foodstuffs? Eat weeds. Would you place a meal before your neighbor that will make him gasp and wonder where you got such delicious delicacies? Use weeds. And when you want to feast on something that really costs nothing, just simply eat weeds.

Just what is our European situation? What is our Mexican situation? What is our internal situation? What is the whole situation, anyway?

HUNDRED LEADING HOOSIERS

Maurice Thompson (1844-1901.)

Maurice Thompson, whose name is known from ocean to ocean, possessed many and varied talents. He was born in Fairfield, Franklin county, September 9, 1844, but being the son of a Baptist minister made several changes in residence, finally locating in Northern Georgia. Here is a spot "so peaceful and so dreamy" young Thompson grew to manhood.

Thompson was educated largely by private tutors and was said to have been master of five languages. He was said to have been an authority on the Greek, Latin and French authors.

During the Civil War he served with the Confederate soldiers until they were forced to surrender. Turning to civil engineering he was appointed to run the first line of the L. C. & S. W. railroad from Frankfort to Kokomo and thence to Lima, Ohio. After marrying a daughter of Colonel John Lee, Crawfordsville, Thompson became a permanent citizen of that place. He practiced law for a few years and turned to literary interests "The Hoosier Mosses," "Sylvan Secrets," "Bird Notes," "Witchery of Archey," and other productions placed at the

Come On In And Get Acquainted With The Birds While The Subject Is Fresh

HOW IS THIS.

I am a young bird lover of 42 and along with the rest of the school children I got interested in the birds and nailed up an old box (double house) to a telephone pole. Mr. and Mrs. Blue Bird rented the front apartment and are now in possession and Mr. and Mrs. English Sparrow took the rear room, and all seems lovely. Let us hear the experience of others.

A. U. DOBAN.

The above was received through the mail yesterday evening and whether or not it was intended as a joke, it is actually what has happened at many homes since the annual meeting of the Indiana Audubon society here last week.

It has often been said that there is no way to reach the "old folks" like attacking them through the children. The members of the Audubon society, while they wanted to instill in the minds of growing children love for bird life in general, they

knew well enough that if the children were sufficiently aroused, the parents would also have a keener interest in birds.

This has truly come to pass. Many folks are wondering why there are so many more birds his spring than they ever saw before. It is not because there are more birds but because they are seeing more. Their songs are sweeter to lots of people when they listen with the ear of a bird lover.

Had it not been for the meeting of the Audubon society here last week, the capture of a heron a few days ago would likely have passed unnoticed. But the person who caught it had been reading about birds and was naturally interested. One who was fairly well acquainted with bird life identified it as a heron. A few years ago there were several nests of blue heron southwest of Rushville, but they have all departed. They are very rare in Indiana, none having been located for years, excepting the few families in this county.

LAST COMMENCEMENT

The last township high school commencement for Rush county this year was held at Center last night when two received diplomas, Miss Fern McBride and Miss Leslie McDaniel. The Rev. J. Boyd of Terre Haute delivered the address and County Superintendent C. M. George presented the diplomas. The exercises were held at the Center Christian church.

forefront of American writers. As a novelist he won greatest fame through "Alice of Old Vincennes."

For some years Thompson was literary editor of the New York Independent. His interest aside from the literary lay in the field of politics and natural history. He was a member of the state legislature in 1878 and was delegate to the democratic national convention in 1888 and was the state geologist for four years. He died February 15, 1901.

The Standard of Value and Quality

IN the earlier days of the automobile industry, wealth and social position traveled almost exclusively in the car which bore a foreign maker's name.

But times have changed — standards of value have changed—personal view points have changed.

People of wealth and social position still insist upon luxury and elegance in their motor cars. But, now, they also demand at least a fair return upon their motor car investment.

It is for this reason that the Paige, Fairfield "Six-46" has been so universally adopted by well-to-do people in all sections of the nation.

In beauty of line and design, this car rivals the most artistic productions of Europe. It is refreshingly distinctive, and embodies every convenience and luxury that a critical motorist could desire.

It is a big car, a powerful car, a comfortable car—and, withal, an economical car. It is literally and actually "the standard of Value and Quality."

The price—complete—is \$1295.

UNCLE JOE WILL BE 80 TOMORROW

Veteran Congressman Not so Rantankerous as he Once Was But is Pretty Good at That.

HOUSE CELEBRATES EVENT

Spent an Hour in Speech Making With Bouquets and no Brickbats—Still Hates Reformers.

(By United Press.)

Washington, May 6.—Tomorrow will be Uncle Joe Cannon's eightieth birthday. His political friends and foes in the House of Representatives today celebrated the event with an hour of speech-making filled with bouquets and no brickbats.

"Confidentially, I wish they wouldn't have this celebration," the ex-speaker admitted today. "It's too much like bringing flowers to a corpse."

"Uncle Joe" is not the extreme partisan he was of old. That's why men of all parties in the House feel so friendly toward him. Since his "come-back" he has kept out of the lime-light.

Uncle Joe still harbors a deep-seated hatred of political reformers. Everytime he gets a chance he hits one on the head.

"I suppose," said Uncle Joe, "a reformer has his place. Sometimes I think they get pretty thick. They say their province is to fight with the Almighty; that the Almighty and one are a majority."

"I am not here to abuse them. Nearly all of them are honest, but once in a while one of them is a hypocrite."

In these days of aeroplanes and submarines, Uncle Joe is proud he gave substantial encouragement to Prof. Langley, the American who was jeered when he tried to fly in a heavier-than-air machine. He helped him get an appropriation.

"You know the newspapers pounded on old Langley and called him a fool," said Cannon. "Going to fly like a bird screamed the headlines derisively. They poked fun at me for befriending him."

"I didn't mind it To tell the truth the newspapers have kind of pleased me. They have given me a notoriety for profanity and wickedness."

Speaker Clark, Democratic leader Kitchin, Sherwood of Ohio and Gillette of Massachusetts were the speakers. Rodenberg of Illinois was master of ceremonies.

SPOONING IS O. K. IN CLEVELAND PARKS

Though Officials Differ in Their Definitions the Practice Will be Encouraged.

ONE EVEN WRITES A POEM

(By United Press.)

Cleveland, May 5.—Spooning will be o. k. in Cleveland parks which opened today. City officials, though differing in their definitions, believe spooning should be encouraged.

"Proper spooning is holding hands," said Park Commissioner Newell.

"Heartfelt sighs, languishing glances, soft cooing words, but no holding of hands, is proper spooning," said Alex Bernstein, director of public utilities.

Safety Director A. R. Sprosty, whose cops will see that the spooning rule is obeyed, arose to speak as follows:

"When the band plays ragtime and the moon plays peek-a-bo."

"I see no harm, in a masculine arm."

"Slipping 'round a slim waist, do you?"

W. S. Fitzgerald, law director, says spooners may even kiss. "Suppose the hearts of two lovers had decided henceforth to beat as one," said Fitzgerald. "Who would deny them one discreet kiss?"

"The law wouldn't"

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 23, 1911.

The members of the Always Present Class of the Christian church had a pleasant meeting last evening at the home of Miss Gladys Tittsworth in North Main street, Miss Tittsworth being assisted by Miss Phyllis Dean, Miss Dorothy Frazee and Miss Kathryn Wyatt. The principal part of the evening was given over to practicing for the play which the class is to give Friday evening and several business matters in connection with it were discussed. About twenty-five members of the class were present and enjoyed the delicious refreshments which were served by the hostesses at the close of the affair.

TO GIVE PENNY SUPPER

The members of the Young People's Christian Union of the United Presbyterian church met last evening with Miss Jessie Roser at her home in North Jackson street. The business meeting was conducted by Fred Woods, president of the class, when the principal subject discussed was discussed by the Penny supper which the young people will give the latter part of this month. The probable date set is May 25th, although it is not definitely decided upon. Other business matters were brought up, the twenty young people present taking an active part in the discussion. During the pleasant social period, dainty refreshments were served by the hostess to the congenial group of guests.

MISS MULNO SURPRISED

The birthday of Miss Dorothy Mulno which occurred last week was the cause of the surprise party with which a number of her girl friends honored her last evening at her home in North Jackson street. The affair being cleverly planned, it was a complete surprise to her to be greeted by the merry crowd, bringing with them a bountiful supper. It was soon arranged on the table in the center of which was a lovely bouquet of pink roses and around which the guests gathered. The evening, during which time several young men joined them, music and a social good time were enjoyed. The young ladies who thus honored Miss Mulno were the Misses Kathryn Guffin, Catherine Wooden, Helen Frazee, Mary Louise Bliss, Kathryn Wyatt, Margaret Ball, Lois Reeves, and Dorothy Sparks.

It was also decided to have one self-denial day out of every month for the members of the class, making this day the third Monday out of every month. A social hour followed the business meeting which was presided over by the president of the class, Mrs. George Aultman. Delicious refreshments were served by the hostesses who were Mrs. Oneal, Mrs. Jesse Poe, Mrs. Ed Pitman, Mrs. C. H. AFTERNOON BRIDGE

The home of Mrs. Rich Reed presented a pretty and hospitable air for the company of friends which she entertained yesterday afternoon. Lilies and tulips were the suggestions of spring used in decorating the rooms where the guests were entertained. A delicious luncheon was served by the hostess, who was assisted in serving by Mrs. John Kiplinger and Mrs. Walter Rhineheimer. Pretty honors were awarded Mrs. Frank Wilson and Mrs. Will Frazee at the close of the card games. Mrs. Maud Shields and Mrs. Sarah Henley of Chicago were among the guests.

BANQUET FOR WINNERS

Fifty-two members of the B. Y. C. D. class of the First Baptist church attended the banquet last evening given by the losing side for the winners of the contest, which has held the attention of the class for the past few months. This excellent number shows the progress and interest which characterizes the work of the class for the last year or so. A sumptuous two course dinner was served, the losers acting as waiters. Several appropriate short talks were made during the course of the evening, which although they were impromptu were very interesting. The Rev. S. G. Huntington complimented the class very highly, its growth, spirit, the good it had accomplished in the past and what he was expecting of it for the future. Mrs. S. G. Huntington, who teaches the class, also made a good talk and Miss Grace Smith, president of the class made a few apt remarks. Music and a general good time brought the affair to a close.

It was announced by the winners of the contest, that by way of showing their appreciation for the pleasant evening, they volunteered to give a supper for the losers. This will take place next Tuesday evening in the church. The class meeting which was to have been held with the Misses Carrie and Edith Downey next week has been postponed until a later date on that account.

Mrs. Carl Behr is able to be out after having suffered from a sprained ankle for several weeks.

Services will be held at St. Paul's M. E. church Sunday as follows: Sunday school at 9:15; preaching by the pastor at 10:30 on the subject, "Our Daily Bread;" at 7:30 on the subject, "Looking;" Epworth League, 6:30, Junior League Thursday afternoon at 4 and Prayer meeting Thursday night at 7:30. Official board meeting will be held at the church Tuesday evening at 7:30.

Rushville and Rush County Will be
Well Represented at Conference
Next Week

WILL OPEN NEXT TUESDAY

Practically All Local Organizations
Interested Have Selected
Delegates

Close to a half hundred authorized delegates from local charitable institutions, including the churches and their allied organizations, both men's and women's lodges, official charitable bodies and other associations and organizations, will attend the forty-third annual National Conference of Charities and Correction, opening in Indianapolis next Tuesday and continuing until a week from next Wednesday.

Local charitable organizations have responded to the efforts of county officials to have delegates appointed for the conference. It is not improbable that the delegation from Rush county will be as represented as that from any other county.

Not all of the delegates had been appointed today. The Ladies Musical, the Eastern Star and the First Presbyterian church were among the organizations yet to name more delegates. Complete announcement of the conference will be made from all of the pulpits of the city tomorrow. It was stated today that all delegates would receive a completed program by the first of the week.

Not the least important thing or least interesting either, for that matter, at the conference will be the centennial charities exhibit, portraying a hundred years history of the development of charities and correction in the state of Indiana.

The exhibit will be held in the State House where the well-lighted corridors, together with the Senate and House Chambers, and other rooms if desired, provide ample space for a comprehensive display of all the State Charitable and Correctional activities.

Every Charitable and Correctional institution or organization in the State, public or private, will be invited to participate, including all State Boards and State Institutions, County Institutions, County Boards of Charities, Boards of Children's Guardians, Municipal Charities and voluntary organizations. The general welfare and educational work of the State will be represented. The exhibit thus will be broadly representative; at the same time it is the plan of the committee that the exhibit shall be typical rather than vast. The exhibit of each institution will be planned with careful study to make vivid its general growth and purpose and the various exhibits will be harmonized and unified in the following Divisions:

The following delegates have been selected by Rushville organizations to attend the conference.

St. Paul's M. E. church—Mrs. F. R. McClanahan from the foreign missionary society, Mrs. D. D. Van-Osdel and Alice Fritter from the home missionary society, Mrs. R. G. Budd, the Rev. W. M. Whitsitt, E. B. Thomas, Mrs. F. G. Hackleman, and J. H. Scholl from the church and Sunday school.

The Monday Circle—Mrs. Harry Kramer and Mrs. C. H. Parsons. Rebekah lodge—Mrs. Joe Miller and Mrs. Edna Dagler.

NEXT MEETING TO BE AT CONNERSVILLE

Sixth District Good Road Advocates
Hope to Form Live Organization in Every County

OFFICERS ARE ELECTED

Good road advocates of the sixth district will hold their next meeting at Connorsville in the Commercial club rooms on May 18. This was the decision of the session at Cambridge City this week when good road men held their second meeting to discuss ways and means to further the case of the Indiana Highway Commission. Rush county was not represented at the meeting this week, but there were a few from here at the initial session.

Only four counties of the district were represented because of the bad day, but a constitution and by-laws of the district organization were adopted. Plans were discussed to perfect better county organizations and to secure legislation in the interest of good roads.

Thomas C. Bryson of Connorsville was elected permanent secretary. The members of the executive committee were designated as chairman of their respective counties, and were instructed to select a practical road man in each township chairman, and to affect a permanent organization of citizens.

POULTRY CARS ATTRACT MANY

EGG CANDLING IS SHOWN

Latest Devices For Raising Poultry
and For Shipping Eggs Part
of Exhibit.

Many farmers and their wives, together with a number of interested city people visited the special egg and poultry train of three cars, two from Purdue university and one from the United States department of agriculture, which stood on the siding at the Big Four depot today. The car came from Manchester and will be at Knightstown Monday. It was believed that the crowd was much larger because of the day—Saturday—when many farmers visit Rushville.

Two of the cars are from Purdue University and are in charge of L. L. Jones and H. L. Reed. One of the Purdue cars is a lecture car and the other one shows latest devices in the way of houses, coops and feed for poultry production. The lectures are delivered three times each day by the Purdue men, at 10:30 o'clock in the morning and at 1:30 and 3 o'clock in the afternoon. The lectures were supplemented with stereopticon views of all phases of poultry managements.

The third car in the outfit is sent out by the United States department of Agriculture and shows the marketing side of poultry products such as the candling of eggs and the handling of picked poultry, with a feeding for profit. H. H. McAleer and A. C. Albin, of the U. S. Department of Agriculture, were with the government car and gave instructive talks and demonstrations during the day to the persons who came for information.

In the Purdue demonstration car there was an end view of a proper type of ventilated poultry house in full size. Not only was the house there but hens were there too and some of them were on the nest, some had completed the important duty of laying and others were enjoying themselves on the scratching floor. The whole thing looked clean and the eggs in the nest told their own story. Different kinds of nests were shown, all of them simple and had doors to close at the rear from convenient. The better kinds of nests which the eggs could be taken, at the same time providing an arrangement that would make Biddie believe she was hiding her nest.

All of the different kinds of poultry foods were shown. These feeds consist of nearly all the grains—oats, wheat, cracked corn, millet seed, oyster shells, charcoal and other kinds. Methods of sprouting oats for winter green feed were shown. Two types of incubators, the hot air and the hot water kinds, were exhibited but the lecturer made no choice between the two. He explained that each kind had advantages and objections.

In the government car the usual egg candling demonstrations were shown together with the proper method of preparing poultry for market. It was explained that where poultry is dry picked the killers have a knowledge of striking the fowl's brain in a certain way with a knife so that the bird releases its feathers. The entire eastern markets demand dry-picked poultry while such markets as Indianapolis are not so particular.

Milk fed fowls are extra fine, the speaker said, but some times when

THREE TOWNSHIPS LOSE

Increase of Children of School Age
in City Makes Possible Gain
for Whole County

The school enumeration figures complete with the exception of one township, Rushville, show the total number of children of school age in the county to be 4,395. Last year Rushville township, the missing township had 350 children and should this be equalled this year the total will be brought up to 4,765, which is an increase of sixty for the entire county during the year.

Only three townships show a loss over last year. These are Jackson, Orange and Walker. Jackson showed a loss of 21; Orange, 7 and Walker 31. The increase in Rushville city probably held the average up and resulted in a gain for the entire county. Last year's enumeration for the city showed 1,298 and this year the figures total 1,352. It is not believed that the result of the enumeration in Rushville township will change the figures to any great extent.

The figures by townships follow:

BRITISH PRESS IS DISAPPOINTED

Morning Newspapers, Carrying Full
German Reply, Predict Diplomatic Break Certain

LATE NEWS A BITTER PILL

By ED L. KEEN
(U. P. Staff Correspondent.)

London, May 6.—Washington press dispatches reporting that President Wilson probably will accept in substance the German reply, brought disappointment to the London press today.

The morning newspapers carrying the full text of the German reply, printed lengthy editorials. The writers agreed almost unanimously that Germany had failed to meet the American demands; that a diplomatic break was inevitable and that shortly the United States would be ranged beside the allies in the war.

The English newspapers expressed concern too, over Germany's attempt to embroil Great Britain and America by making her concessions conditional on the British mode of warfare. They united in the declaration that the British government will not allow itself to be made a party in such a three-angled diplomatic game.

TROOPERS KILL 42 VILLISTAS

Major Howze's Eleventh U. S. Cavalry Takes Bandits Unawares
and Routs Them

NO AMERICAN CASUALTIES

(By United Press.)

Advanced Base, Punitive Expedition, San Antonio, Mexico, May 6.—Americans of the Eleventh cavalry under Major Howze killed forty-two Villistas in a fight yesterday at Oja Aculas, according to reports. General Pershing received from Howze today. There were no American casualties. The Villistas, described as large forces, were commanded by General Dominguez and Pulio and Acosta. The survivors of the band scattered.

Howze did not estimate the number of Mexicans wounded and his report did not contain a definite estimate of the size of the Villista force. The attack followed a night march which enabled the Americans to strike at the Mexicans while the latter were resting. A terrific fight followed. It ended only when the surviving Villistas took to the mountains.

Howze and his force had been on the trail since Wednesday afternoon. He reported by the Mexicans were taken completely by surprise.

WILSON BETS A PLEA FROM POPE

Head of Catholic Church Urges
President to Keep Out of War
With Germany

SUBMARINE ISSUE CLOSED

So Certain Are Wilson and His Advisors of it That no Answer
is Likely to be Made

(By United Press.)

Washington, May 6.—Monsignor Bonzano, papal delegate in Washington today sent a long communication to President Wilson from Pope Benedict, urging the president to use every effort to keep out of war with Germany.

The mission of Monsignor Bonzano was described as a highly confidential one and while no word as to the details of his purpose was forthcoming from the white house, it was ascertained the pope feels he must have the co-operation of President Wilson to bring about an end to the European struggle. This co-operation would be impossible where the United States to become embroiled in any way now with Germany, the pope believes.

The submarine issue between the United States and Germany is closed. This is the view of President Wilson's advisors, with the official text of Germany's reply to the American demands in hand. The president himself received the official text today but the white house withheld comment.

So completely do officials in touch with the situation consider the issue disposed of, it is said, there will be no reply by the president to the German note.

There may be a statement by Secretary Lansing, however, calling attention to the essential points in the note—that Germany has ordered submarine attacks confined to vessels of war. This is the essence of the Kaiser's reply, officials say, and leaves no actual issues with Germany. The issue will remain closed, officials believed. They feel Germany will not reopen it by resuming warfare against merchantmen.

Every care will be taken, they believe, to prevent submarine commanders violating the order and the danger of violation only in the fact that German submarine commanders are for the most part young officers, some of them, perhaps difficult to control. But Germany having once quit her submarine warfare against merchant ships, no high official here regards it within the range of probability that she will order is resumed.

Tom Mull, who has been ill for some time at his home in Manila, is reported to be able to be up.

Walter Priest has accepted a position as night clerk at the Windsor Hotel.

Applied Proverb of Modern Business!

By the time he gets around to it his business has died of dry rot.

EMMA GOLDMAN OUT OF PRISON

Completes Term For Advocating
Birth Control and Declares
Will Continue Campaign

WOULDN'T PAY HER WAY OUT

Prosecutor Says She Used Indecent
Language—Was Prisoner 23
Years Ago.

(By United Press.)

New York, May 6.—"In the cause
of her motherhood I am still proud
and glad to be a criminal," said
Emma Goldman today when she had
completed her 15 days and walked
out of the workhouse on Blackwell's
Island.

Miss Goldman was a prisoner here
just 23 years ago, too. This time
she went up for publicity advocating
birth control.

She pleaded her own case lost and
had her choice of a \$100 fine or
prison.

"I prefer to go to the workhouse,"
she said. "I won't buy my way out
of anything."

"I shall go right on disturbing
birth control propaganda," she said
today.

"I teach it for the sake of joyous
childhood and glorified motherhood,"
she said. "There are 300,000 half-
starved women who need the infor-
mation—what kind of children do
you think theirs would be? If this is
crime. I am willing to be a criminal.
I have as fellow criminals the great-
est men and women of the world."

Assistant District Attorney Unger
said Miss Goldman's speech had been
simply "indecent in the guise of
birth control."

"The police of this office is not to
limit in any way, shape or form the
discussion of vital propaganda such
as that of birth control. But the
law compels us to and it is our in-
tention to put an end to indecencies.
The address was made in an impure
and indecent fashion to a mixed au-
dience of men, women and children
of tender years."

Among those who helped defend
Emma Goldman and who met her on
her release today were: Rose Pas-
tor Stokes, Leonard D. Abbott, Mrs.
J. Sergeant Cram, Mrs. John Sloan,
Ben Reitman, George Bellows and
Mrs. Robert Henri.

Richmond, Ind., May 6.—That
Carroll Edwards, age 20, a junior in
Earlham College, son of D. W. Ed-
wards of Indianapolis, has been
missing since the morning of April
30 was learned today. The young
man's mysterious disappearance has
been kept secret, his parents think-
ing that he would keep a date which
he had for eight o'clock today with
an Indianapolis dentist. When he
failed to show up his disappearance
was made known. Edwards is
known to have had the habit of
walking in his sleep and many be-
lieve this was responsible for his
disappearance.

INTEREST TAKEN IN RUCKER'S ATTEMPT

Suit to Close Resorts Regarded as
Experimental by Those Favor-
able to Rule Law.

PETITIONS HEARD TODAY

(By United Press.)

Indianapolis, Ind., May 6.—Pro-
secutor Rucker's attempt to close
thirteen alleged resorts in this city
came to a head today with hearings
before Judge T. J. Moll in superior
court on the prosecutor's petitions
for temporary injunctions against
the places as nuisances.

Rucker's suits, brought under new
Rule red light law were filed some
time ago, and were the first sweep-
ing effort to take advantage of the
law. This was the first definite step
taken in the prosecution of the suits.
The effort of the Marion county
prosecutor, which is considered
rather experimental, has been
watched with interest by those who
favored passage of the Rule law.

Civic Patriotism.

Columbus hit upon a scheme that promises to be popular. Merchants have rented a house and furnished it with their goods. The public is invited to come and inspect perfectly appointed home. There is music and on some afternoons of the week flowers. Again there may be a little music now and then. In other words the business men of Columbus are keeping open house.

But there is much about Columbus that commends it to other cities. They have a Chamber of Commerce down there that has been quietly trudging along and just now the licks that it put in during the lean days are beginning to bear fruit.

Columbus is just now awakening to the fact that it has a loss of civic pride and patriotism. Along came a fellow the other day and purchased a park which the city would have had to vacate this year because it belonged to an estate and was to be divided into lots and sold. This citizen who was bulging out with civic pride paid \$20,000 for that tract of land and handed it over to Columbus. The Columbus chautauqua would have been without a place for meetings had this generous gift not been made.

The Reliance Manufacturing company of Columbus wanted a park for its employees so they would have some place for recreation. Standing next to the Reliance plant were some old buildings belonging to Francis T. Crump old and delapidated but still earning a small income for him. But the epidemic of generosity continued to spread. Thursday Mr. Crump announced he would raze the old buildings and allow the

Bible Class Makes Remarkable Gains In Three Years

B. Y. C. D. CLASS

The above is a picture of the B. Y. C. D. Sunday school class of the First Baptist church. It was taken on Easter Sunday. Mrs. S. G. Huntington, the teacher may be identified in the front row with the bible in her lap. The class was organized Aug. 18, 1913, less than three years

ago, with eighteen members. It now has a membership of sixty. B. Y. C. D. stands for "Best You Can Do." The class has long since outgrown its limited quarters in the old church and that it might enjoy more room and better facilities for its work, pledged \$500.00 towards a new house of worship. It holds bi-monthly meetings at the homes of its members, when business matters are taken up, plans for work outlined and a social good time is had. The class looks forward to a larger work and increased membership. When it shall have the room and conveniences of a modern church building.

use of the ground for the Reliance company's park. That company will spend \$1,000 in improvements and the park will be for the use of the general public.

Not long since the Magazine Club of Columbus purchased one of the best paintings of the season to be hung in the Columbus library. It's wonderful what civic patriotism will do when it is aroused.

With summer coming along you will naturally soon be more or less peevish at the weeds that spring up on every hand. You may, in fact, be doing a little quiet cursing on the sly. But did you ever stop to think that many of those weeds make good articles of diet? They do. There are ten weeds that can be used for food. They are the dock, nettle, sorrel, purslane, milkweed, garden pigweed, lamb's quarter, marsh marigold, and brake fern. Is the big price of living bothering you? Eat weeds. Would you enjoy a welcome change from the usual daily grind of foodstuffs? Eat weeds. Would you place a meal before your neighbor that will make him gasp and wonder where you got such delicious delicacies? Use weeds. And when you want to feast on something that really costs nothing, just simply eat weeds.

Just what is our European situation? What is our Mexican situation? What is our internal situation? What is the whole situation, anyway?

Maurice Thompson (1844-1901).

Maurice Thompson, whose name is known from ocean to ocean, possessed many and varied talents. He was born in Fairfield, Franklin county, September 9, 1844, but being the son of a Baptist minister made several changes in residence, finally locating in Northern Georgia. Here is a spot "so peaceful and so dreamy" young Thompson grew to manhood.

Thompson was educated largely by private tutors and was said to have been master of five languages. He was said to have been an authority on the Greek, Latin and French authors.

During the Civil War he served with the Confederate soldiers until they were forced to surrender. Turning to civil engineering he was appointed to run the first line of the L. C. & S. W. railroad from Frankfort to Kokomo and thence to Lima, Ohio. After marrying a daughter of Colonel John Lee, Crawfordsville, Thompson became a permanent citizen of that place. He practiced law for a few years and turned to literary interests "The Hoosier Mosaics," "Sylvan Secrets," "Bird Notes," "Witchery of Archery," and other productions placed at the

Come On In And Get Acquainted With The Birds While The Subject Is Fresh

HOW IS THIS.

I am a young bird lover of 42 and along with the rest of the school children I got interested in the birds and nailed up an old box (double house) to a telephone pole. Mr. and Mrs. Blue Bird rented the front apartment and are now in possession and Mr. and Mrs. English Sparrow took the rear room, and all seems lovely. Let us hear the experience of others.

A. U. DOBAN.

The above was received through the mail yesterday evening and whether or not it was intended as a joke, it is actually what has happened at many homes since the annual meeting of the Indiana Audubon society here last week.

It has often been said that there is no way to reach the "old folks" like attacking them through the children. The members of the Audubon society, while they wanted to instill in the minds of growing children love for bird life in general, they

knew well enough that if the children were sufficiently aroused, the parents would also have a keener interest in birds.

This has truly come to pass. Many folks are wondering why there are so many more birds this spring than they ever saw before. It is not because there are more birds but because they are seeing more. Their songs are sweeter to lots of people when they listen with the ear of a bird lover.

Had it not been for the meeting of the Audubon society here last week, the capture of a heron a few days ago would likely have passed unnoticed. But the person who caught it had been reading about birds and was naturally interested. One who was fairly well acquainted with bird life identified it as a heron. A few years ago there were several nests of blue heron southwest of Rushville, but they have all departed. They are very rare in Indiana, none having been located for years, excepting the few families in this county.

It is a time when you should patronize a druggist in whom you have confidence and one who will not take advantage of your not knowing the worth of the article you want to purchase. The Standard of Value and Quality

IN the earlier days of the automobile industry, wealth and social position traveled almost exclusively in the car which bore a foreign maker's name.

But times have changed — standards of value have changed—personal view points have changed.

People of wealth and social position still insist upon luxury and elegance in their motor cars. But, now, they also demand at least a fair return upon their motor car investment.

It is for this reason that the Paige, Fairfield "Six-46" has been so universally adopted by well-to-do people in all sections of the nation.

In beauty of line and design, this car rivals the most artistic productions of Europe. It is refreshingly distinctive, and embodies every convenience and luxury that a critical motorist could desire.

It is a big car, a powerful car, a comfortable car—and, withal, an economical car. It is literally and actually "the standard of Value and Quality."

The price—complete—is \$1295.

UNCLE JOE WILL BE 80 TOMORROW

Veteran Congressman Not so Rank-tankerous as he Once Was But is Pretty Good at That.

HOUSE CELEBRATES EVENT

Spent an Hour in Speech Making With Bouquets and no Brickbats—Still Hates Reformers.

(By United Press.) Washington, May 6.—Tomorrow will be Uncle Joe Cannon's eightieth birthday. His political friends and foes in the House of Representatives today celebrated the event with an hour of speech-making filled with bouquets and no brickbats.

"Confidentially, I wish they wouldn't have this celebration," the ex-speaker admitted today. "It's too much like bringing flowers to a corpse."

"Uncle Joe" is not the extreme partisan he was of old. That's why men of all parties in the House feel so friendly toward him. Since his "come-back" he has kept out of the lime-light.

Uncle Joe still harbors a deep-seated hatred of political reformers. Everytime he gets a chance he hits one on the head.

"I suppose," said Uncle Joe, "a reformer has his place. Sometimes I think they get pretty thick. They say their province is to fight with the Almighty; that the Almighty and one are a majority."

"I am not here to abuse them. Nearly all of them are honest, but once in a while one of them is a hypocrite."

In these days of aeroplanes and submarines, Uncle Joe is proud he gave substantial encouragement to Prof. Langley, the American who was jeered when he tried to fly in a heavier-than-air machine. He helped him get an appropriation.

"You know the newspapers pounded on old Langley and called him a fool," said Cannon. "Going to fly like a bird screamed the headlines derisively. They poked fun at me for befriending him."

"I didn't mind it. To tell the truth the newspapers have kind of pleased me. They have given me a notoriety for profanity and wickedness."

Speaker Clark, Democratic leader Kitchin, Sherwood of Ohio and Gillette of Massachusetts were the speakers. Rodenberg of Illinois was master of ceremonies.

SPOONING IS O. K. IN CLEVELAND PARKS

Though Officials Differ in Their Definitions the Practice Will be Encouraged.

ONE EVEN WRITES A POEM

(By United Press.)

Cleveland, May 5.—Spooning will be o. k. in Cleveland parks which opened today. City officials, though differing in their definitions, believe spooning should be encouraged.

"Proper spooning is holding hands," said Park Commissioner Newell.

"Heartfelt sighs, languishing glances, soft cooing words, but no holding of hands, is proper spooning," said Alex Bernstein, director of public utilities.

Safety Director A. R. Sprösty, whose cops will see that the spooning rule is obeyed, arose to speak as follows:

"When the band plays ragtime and the moon plays peck-a-boo."

"I see no harm in a masenline arm."

"Slipping 'round a slim waist, do you?"

W. S. Fitzgerald, law director, says spooners may even kiss. "Suppose the hearts of two lovers had decided henceforth to beat as one," said Fitzgerald. "Who would deny them one discreet kiss?"

"The law wouldn't."

WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things, besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 23, 1911.

CLASS MEETING

The members of the Always Present Class of the Christian church had a pleasant meeting last evening at the home of Miss Gladys Tittsworth in North Main street, Miss Tittsworth being assisted by Miss Phyllis Dean, Miss Dorothy Frazee and Miss Kathryn Wyatt. The principal part of the evening was given over to practicing for the play which the class is to give Friday evening and several business matters in connection with it were discussed. About twenty-five members of the class were present and enjoyed the delicious refreshments which were served by the hostesses at the close of the affair.

TO GIVE PENNY SUPPER

The members of the Young People's Christian Union of the United Presbyterian church met last evening with Miss Jessie Roser at her home in North Jackson street. The business meeting was conducted by Fred Woods, president of the class, when the principal subject discussed was discussed by the Penny supper which the young people will give the latter part of this month. The probable date set is May 25th, although it is not definitely decided upon. Other business matters were brought up, the twenty young people present taking an active part in the discussion. During the pleasant social period, dainty refreshments were served by the hostess to the congenial group of guests.

Miss Ruth Harwell went to Indianapolis to attend the annual luncheon of the Alpha Omicron Pi sorority which will be at the Claypool Hotel. Miss Harwell was a member of this sorority while in college at DePauw university.

WITH MISS WOODEN

The members of the T. O. G. Club gathered this afternoon for their semi-monthly meeting at the home of Miss Catherine Wooden in North Morgan street. Music, sewing and chatting were the diversion of the afternoon at the conclusion of which, the hostess served a delectable luncheon. The rooms in which the guests were entertained were prettily arranged with spring flowers.

MRS. HAWN HERE

Mrs. A. C. Hawn of Indianapolis will be here Monday for the meetings of the Women's Home Missionary Society and the Queen Esther, the former which will meet in the afternoon with Mrs. A. L. Aldridge and the latter in the evening with Miss Dorothy Sparks. Mrs. Hawn will speak concerning the financial standing of these societies and is well able to do so, being secretary of the young peoples' missionary society.

MISS MULNO SURPRISED

The birthday of Miss Dorothy Mulno which occurred last week was the cause of the surprise party with which a number of her girl friends honored her last evening at her home in North Jackson street. The affair being cleverly planned, it was a complete surprise to her to be greeted by the merry crowd, bringing with them a bountiful supper. It was soon arranged on the table in the center of which was a lovely bouquet of pink roses and around which the guests gathered. The evening, during which time several young men joined them, music and a social good time were enjoyed. The young ladies who thus honored Miss Mulno were the Misses Kathryn Guffin, Catherine Wooden, Helen Frazee, Mary Louise Bliss, Kathryn Wyatt, Margaret Ball, Lois Reeves, and Dorothy Sparks.

PENNY SUPPER

Wednesday, May 17th was the date decided upon last evening by the members of the Watson Sunday School class of the St. Paul's M. E. church for the next penny supper which they are to give. The meeting was held with Mrs. Sherman Oneal, who was assisted by the ladies in the fourth division. It was also decided to have one self-denial day out of every month for the members of the class, making this day the third Monday out of every month. A social hour followed the business meeting which was presided over by the president of the class, Mrs. George Aultman. Delicious refreshments were served by the hostesses who were Mrs. Oneal, Mrs. Jesse Poe, Mrs. Ed Pitman, Mrs. C. H. Parsons, Mrs. George Moore, Mrs. Alvin Moor, Mrs. Will Mulno, Miss Fannie Mulno, Mrs. F. R. McClanahan, Mrs. Susan McCoglin, Mrs. T. M. Lytle, Mrs. Ed Lyons, Mrs. A. T. Mahin, Mrs. Sam Morgan, and Mrs. Homer Powell.

The Ladies Aid society of the St. Paul's M. E. church will be entertained on Tuesday afternoon by Mrs. J. K. Gowdy, Mrs. Albert Denning, and Mrs. Fannie Smith at the home of Mrs. Gowdy at 619 North Perkins street.

All active and associate members of the Musicales and their invited guests, also new members of the Musicales are invited to the open meeting to be held at the home of Miss Frances Frazee on Monday evening, beginning at 7:45 p. m.

DINNER PARTY

Mr. and Mrs. J. V. Young will have as dinner guests tomorrow at their home in East Seventh street, Mr. and Mrs. O. M. Harton, Mr. and Mrs. Alvan Moor, Mr. and Mrs. Willard Amos, Miss Mary Amos, Mrs. Eunice Moore, Melvin Moore, Mr. and Mrs. Albert Winslow, Mr. and Mrs. George Young, and Mr. and Mrs. Bert Davison.

AFTERNOON BRIDGE

The home of Mrs. Rich Reed presented a pretty and hospitable air for the company of friends which she entertained yesterday afternoon. Lilies and tulips were the suggestions of spring used in decorating the rooms where the guests were entertained. A delicious luncheon was served by the hostess, who was assisted in serving by Mrs. John Kiplinger and Mrs. Walter Rhineheimer. Pretty honors were awarded Mrs. Frank Wilson and Mrs. Will Frazee at the close of the card games. Mrs. Maud Shields and Mrs. Sarah Henley of Chicago were among the guests.

BANQUET FOR WINNERS

Fifty-two members of the B. Y. C. D. class of the First Baptist church attended the banquet last evening given by the losing side for the winners of the contest, which has held the attention of the class for the past few months. This excellent number shows the progress and interest which characterizes the work of the class for the last year or so. A sumptuous two course dinner was served, the losers acting as waiters. Several appropriate short talks were made during the course of the evening, which although they were impromptu were very interesting. The Rev. S. G. Huntington complimented the class very highly, its growth, spirit, the good it had accomplished in the past and what he was expecting of it for the future. Mrs. S. G. Huntington, who teaches the class, also made a good talk and Miss Grace Smith, president of the class made a few apt remarks. Music and a general good time brought the affair to a close.

It was announced by the winners of the contest, that by way of showing their appreciation for the pleasant evening, they volunteered to give a supper for the losers. This will take place next Tuesday evening in the church. The class meeting which was to have been held with the Misses Carrie and Edith Downey next week has been postponed until a later date on that account.

Mrs. Carl Behr is able to be out after having suffered from a sprained ankle for several weeks.

Services will be held at St. Paul's M. E. church Sunday as follows: Sunday school at 9:15; preaching by the pastor at 10:30 on the subject, "Our Daily Bread;" at 7:30 on the subject, "Looking;" Epworth League, 6:30, Junior League Thursday afternoon at 4 and Prayer meeting Thursday night at 7:30. AWARD MEDALS TO POLICEMAN

Six of New York's Bravest Decorated by Mayor Mitchell Following Review.

ALL EXCEPTIONAL CASES

One Made the Arrest of Burglar After he Had Been Wounded Three Times.

(By United Press.)

New York, May 6.—The annual parade of the Police Department and the presentation of medals for valor will take place here today. It will be led by Commissioner Woods and reviewed by Mayor Mitchell.

Six additions to the medal men of the department will be made, Mayor Mitchell pinning the coveted insignia on the coats of five patrolmen and a sergeant.

The department medal of honor goes to Policeman John A. McCarran, who captured a burglar at the corner of Bowery and Houston St.

The policeman was wounded three times, but, finally making out the form of the man in a dark hall, opened fire. The man surrendered.

Patrolman John C. Caspers will get the Rhineland medal for an attempt to arrest "Andy" Lewis, cocaine pedlar. Unarmed, Caspers pursued Lewis after he had been wounded twice by the fugitive. He failed to make an arrest because his wounded leg became paralyzed.

Sergeant Alexander C. Anderson will get the Isaac Bell Medal for rescuing August Nelson from the icy waters of the East River, December 27, 1915.

The Peter F. Meyer medal will go to Policeman Franklin S. Traver for a similar rescue of William Williams, a boatswain's mate of the U. S. S. Wasp. The rescued man died of pneumonia.

The medal of the Automobile club of America will be awarded to Policeman Edward F. Doyle for valorous conduct following the explosion of an ammonia plant. He entered the building after he had been warned that another explosion was imminent, and although badly hurt when the explosion occurred went back for a man he had seen lying unconscious in the engine room.

Policeman George Hagerty will get the Brooklyn Citizen's medal for the capture of a man who had mortally injured another in Hicks street, Brooklyn. He pursued the man who was brandishing a revolver, and when the fugitive hid in a hallway and fired through the only door leading to it, Hagerty forced the door, and captured the slayer.

SERVICE WILL BE IN FORM OF PROTEST

Many Cities Will Observe Anniversary of Sinking of Lusitania—One Year Ago Sunday.

NOT TO ATTACK PRESIDENT

(By United Press.)

New York, May 6.—One year ago tomorrow the Lusitania was torpedoed and sunk by a German submarine, with the loss of 150 American citizens.

New York and other cities in the East and Middle West tomorrow will conduct services "of an impressive and dignified nature, somewhat in the nature of a protest," according to a statement issued by the American Rights Committee.

The meeting in this city will be held in Carnegie Hall. It is not the purpose of those in charge of the exercises to turn them into an active attack upon the administration, but rather to use them as a memorial for the American dead who never have been avenged.

Schenectady and Philadelphia have already completed plans for similar services, as have Chicago, Cleveland and other American cities.

STREET CAR HITS JITNEY

Newcastle's One Car Gets Even For Hurting Business

(By United Press.)

Newcastle, Ind., May 6.—This city's one street car became militant when it saw pestiferous jitney busses running around it and grabbing off its legitimate passengers. One of the biggest jitneys operated here tried to cross in front of the "dinky" and in the encounter that resulted came off second best. A fender on the jitney was bent and the steering gear damaged. The street car suffered minor scratches.

WAR BRIDE HELPS HIM. Cleveland, May 6.—"War brides" will enable Prof. Elroy M. Avery, who spent thirty years of his life writing a history of the United States, to publish his work. Five years ago, after \$230,000 has been spent making seven volumes of the history, financial difficulties overtook his publishers. So publication of the five remaining volumes was help up. Now A. W. Henn, of the National Acme, Co., has agreed to put up \$60,000 and so has Utley Wedge of Philadelphia. Both men are said to have made big profits from "war brides."

The second is a drama "Chicken-Hearted Jim," Francis Ford is featured. The last is an animal picture entitled "Monarch of the American Forest." JOHN DIXON GETS AWAY

Trouble Maker at Water and Light Plant Eludes Police

John Dixon, living in the neighborhood of the city water and light plant, gave the police a chase last night and succeeded in making a get away, after he had created a disturbance at the water plant. Dixon is said to have gone to the plant looking for trouble and was accommodated to such an extent that the police were called. Dixon skipped out before they arrived, and although the police got track of him he succeeded in getting away. Just what the trouble started over is not known to the police, but they say Dixon had been drinking.
